F. E. Crane Named for Court of Appeals Seat

Supreme Court Justice John Loughran is Mentioned in Connection With Nominations—Crane to Replace Chief Judge Pound.

Albany, N. Y., March 20 (AP)—Frederick E. Crane of Brooklyn, associate judge of the court of appeals since 1917, will be nominated by both Democrats and Republicans to succeed Chief Judge Cuthbert W. Pound of Lockport when the latter's term expires next December, it was learned today.

Judge Crane is a Republican. Leaders of both parties are understood to have agreed to place his name on the ballot as chief judge and to nominate a Democrat to fill the associate judgeship which he now holds.

The nominations will be made in September when the state conventions are held.

Among those mentioned in connection with the nomination are Supreme Court Justices John Loughran of Kingston and Walter Bliss of Schoharie; former Supreme Court Justices Irving Goldsmith of Saratoga Springs; David F. Lee of Binghamton and John R. Mack of Poughkeepsie; Warner Kernan of Utica; Robert Jackson of Jamestown; Delos M. Cosgrove of Watertown; and Francis Cullen of Watertown.

MONDAY GUILD MAKES PLANS FOR CONCERT

The young women of The Monday Guild of St. John's Episcopal Church held their last Lenten luncheon and meeting at the Parish House Monday afternoon, with a record attendance present. Mrs. Parker Brinnier, the president, presided at the business session.

The Guild paid compliment to St. Patrick in their pretty and appropriate decorations of the luncheon table, which was laden with a delicious luncheon prepared by the members themselves.

One of the most important matters considered by the young women was the continued planning for the big concert which the Guild is sponsoring for May 9th, the same to be given under the direction of the organist of St. John's Church, Robert Williams of Newburgh and Kingston. Not only will the two remarkably fine men's clubs—The Amphion Glee Club of Newburgh and the Saugerties Glee Club participate, but the soloist will be Josephine Luchesse, soprano who has been heard by many Kingston musicians and music lovers. The usual sewing session was held in the afternoon. The luncheon was the last of the regular luncheons to be held this season.

Old Bill Leegid's Remarkable Trip

Veteran Shawangunk Mountain Trapper Meets Mishap—Deer Used for Blood Transfusion With Astounding Results—But Let Old Bill Spin the Yarn.

"Whew," remarked Old Bill Leegid, veteran trapper and hunter of the Shawangunk Mountains, as he wiped the perspiration from his brow as he entered the rooms of Colonial Chapter, No. 666, of the Tall Story Club this morning, "but that was some trip if I do say it myself."

"How come," asked a club member as Old Bill dropped into a vacant chair in front of the glowing fireplace.

"It was this way," explained Old Bill, "I left the shack early this morning to gather up some fire wood, and as I was bending down rumpin struck me in the rear and I was flung high up in the air. I struck a limb of a tree, and—"

"Did it hurt you Bill?" interrupted another member.

"Naw," retorted Bill, "It was a soft pine tree, but as I was asaying afore you interrupted me, I struck against this limb and it bent nearly double like, then the limb straightened out suddenlike and flung me a full 30 fe[et] tion. Norwi[ch] Relatives searching among the effects of Mrs. Jennie Root Barber, 86, who died at Afton, have come upon a satchel containing $1,300 and a Binghamton bank book showing $4,700 on deposit. She lived with an invalid sister and friends had believed she was penniless. Her will, filed seven years ago in Surrogate Court, contained a $500 bequest to the Presbyterian Church for work among the North American Indians.

The Word "Bogus"

The word bogus originated in Painesville, Ohio. In 1827 residents there who had been counterfeiting the silver dollar were arrested and tried, but acquitted on the ground that the counterfeit coin was so poor an imitation no one could be deceived. Out of the case came the word bogus, which some one applied to the apparatus used in making the coins. The next week the word was used in the Painesville Telegraph, the first time in print, and finally found its way in to the standard dictionaries.

One Hundredth Cadet Night Show

West Point, N. Y., March 19 (AP)—The annual One Hundredth Night Show given by the Cadet Dialectic Society, will be held at the U. S. Military Academy here on Saturday, March 24. For the first time in the history of the Academy in connection with this celebration of "one hundred days til June," Major General William D. Connor, superintendent, has ordered a two day holiday for Friday and Saturday.

The title of the play is "On The Level" and was written by Cadets John G. Benner of Anna, Ill., and Robert G. Finkenaur of Webster Groves, Mo. It is dedicated to Lieutenant Philip Egner, who retires in April after more than 25 years as conductor of the Military Academy Band.

During his service, Lt. Egner has written the music to most of the One Hundredth Night songs as well as composed the orchestrations. He is also the music editor of many of the cadets' football songs. For this year's show, Lt. Egner assisted Cadet John J. Stark of Altoona, Pa., and Cadet Benner with the words and music.

The theme of the production depicts the "coming to life" of the statues at the Academy and has an abundance of wit and humor. The principal parts are played by Cadets Lieutenant, Stark, George S. Eckhardt of Virginia, Wis., and James T. Adams of Washington, D. C.

A matinee and evening performance will be given in the Cadet gymnasium.

Card Party.

The Children of Mary Society of St. Peter's will hold a card party at their hall on Monday evening, April 9. Refreshments will be served. The public is invited.

Practically untouched
by human hands

WE'D like you to see Chesterfields made. We know you'd be impressed by the absolute cleanliness of our factories.

The tobaccos are the best that money can buy.

Expert chemists test for cleanliness and purity all materials used in any way in the manufacture of Chesterfield cigarettes.

The factories are modern throughout. Even the air is changed every 4½ minutes.

When you smoke a Chesterfield you can be sure that there isn't a purer cigarette made.

In a letter to us an eminent scientist says: "Chesterfields are just as pure as the water you drink."

Inspectors examine Chesterfields as they come from the cigarette making machines and throw out any imperfect cigarettes.
